

CONESTOGA CAMPERS
Donna Mills-Bird

Our chapter has been in existence for 35 years. We averaged about 15 rigs per campout until about 5 years ago. We did a lot of camping and sometimes we took boats to lakes and fished. Often we took our grandchildren camping with us. We planned our campouts around what they now call "Rallys" and we did a lot of volunteering, taking people to doctors appointments, et cetera. The other thing our chapter was known for was our group doing a costume parade and having a good time. We will keep our chapter doors open. We have joined the Serendipity's and encourage other groups to combine some of their campouts with us. We love to visit and eat!
