

WICHITA GOOD SAMS

Rayena Vandergrift

Another camping season has gone by all too quickly. We are a very small group now, only four rigs remain. But we always enjoy getting together and doing two things we are most qualified for – talking and eating. Campouts were at Napawalla Park in Oxford and Lake Afton.

Several of us attended the Kansas State Rally (to us old-timers it is still a Samboree) in Hutchinson. Lots of fun in spite of the cool and rainy weather. It is always good to get reacquainted with old friends.

Winter meetings will be held in local restaurants as we look forward to another camping season next year.
