

NINNESCAH GOOD SAMs

Susan Grimes

Our year started out normally as any other year does. How little did we know what a few short months would bring to our world!! I hope that this newsletter finds all our Good Sam members healthy and well and sane!

In January, our club met at the Teatime restaurant at the Clearwater City Golf

Course. The food is good, and we all ate well. We then went to Janice Hedgepath's home for our meeting and an afternoon of card playing and visiting. Our various hosts throughout the year have always come through with some delicious snacks for us. Thank you Janice

February found us gathering at the Country Kitchen at 53rd Street North and I-135. This has been a regular place for us the past three years. Their buffet is varied but always good. We then proceeded to the Bender residence for our afternoon activities of a meeting and card playing. You notice a pattern here? Eating and playing cards is a major part of our gatherings.

In March, the Tuckers opened their home for a soup and side lunch. We enjoyed 3 kinds of soup and many delicious sides and desserts. This year it was lots of desserts! After lunch came our meeting. We had lots to discuss at this month's meeting as we had to gel our camping season agenda and discuss the different aspects of our Area 4 rally in April. After the meeting, we discussed and watched a video of the skit we were planning for the Rally. O little did we know then that only two weeks later our world would come to a halt. Maybe we will be well prepared for next year's Area 4 Rally!

At this point in time, we are waiting, (rather impatiently) for news of when we can again start camping and meeting as Good Sam members.

Safety and Health to all of you in Kansas.
